

2017 Beverage Service

Option 1- Cash Bar

A complete full service bar is set up and **guests pay for their beverage choice.**

Option 2- Open Bar

This option allows your **guests to drink at no cost to them**. You have several options for an open bar- you can set a time period for your guests to enjoy beverages at no charge to them and be billed at the end of the event or you can select a dollar amount to pre-pay. Once the dollar amount is reached you can either extend the dollar amount and pay the additional amount after the event ends or switch to a cash bar. We have a variety of beer, wine and mixed drinks that can be provided in an open bar.

Option 3- Pre-Purchase Wine and/ or Beer

This option allows you to pre-purchase cases of wine and beer to have available for you guests. The alcohol will need to be ordered and paid for prior to the event and leftovers will need to be taken home at the end of the event.

Option 4- Mix of Pre-Purchased Wine and/or Beer and Cash Bar or Open Bar

This option allows you to provide both complimentary drinks to your guests, as well as the option of a cash bar for drinks not pre-purchased. Renters can pre-order whatever beer or wine they choose and ask that guests pay for mixed drinks or set up an open bar for mixed drinks.

Renters are responsible for the following charges:
